

2024 ANNUAL REPORT

We present to you the Camp Sunshine 2024 Annual Report with our gratitude for your support and encouragement. More than the facts and figures in this report, 2024 was a year of transformation for us!

Throughout the past few years, the Camp Sunshine team has been intentional about listening to our campers. We've focused on finding ways to explore and implement changes that helped us to see the LIGHT within one another. We're excited to highlight the following items:

- We broke down some invisible barriers by inviting our campers to help us train our counselors.
- Beyond traditional "arts and crafts," we explored ways we could Creatively Express ourselves like, drumming, yoga, and choreographed dance lessons.
- Our leadership team refocused on our commitment to meet our participants' physical, spiritual and relational needs.

Thank you again for your support! May the LIGHT within us brighten the lives of our families and friends. May our Sunshine community bring the LIGHT of healing and hope to our world.

In gratitude,

Kathy Rohlman
Executive Director
